Periodontal Specialists
for \$30 per person.

Rob Leach, DDS, is recognized as a leader in multidisciplinary coordinated dental health care and conservative adhesive dentistry.

Dr. Rob commenced his dental career upon graduation from the University of Michigan in 1981 and acknowledges numerous organizations and mentors including; Pankey, Dawson, Goldstein, Kois, Spears, Tanaka, Fox, Clayton, Shavell, American Equilibration Society, Vedder Society, AAOMS, etc.

At the recent International Invisalign Conference, Dr. Rob was honored to be selected for "Invisalign Case of the Year" and is also featured in the 2011 Invisalign Gallery. His advanced biomechanical techniques consistently achieve superior case finishes.

The evening presentation will review several cases demonstrating coordinated multidisciplinary dental health care utilizing pre-prosthetic alignment and dental implants to achieve optimal fit, function, esthetics and lifetime stability.
